

LibTech India

A Centre in Collaborative Research and Dissemination (CORD),

F-24, Nizamuddin West, New Delhi 110013

www.libtech.in ; www.cordindia.com

February 2024

LibTech India requires a **Data Analyst/Researcher** for their research projects on exclusions from welfare schemes to join immediately. The project offices are in Ranchi, Jharkhand and Anakapalle, Andhra Pradesh.

Qualifications

- A Postgraduate degree (preferably in Economics, Statistics or Mathematics)
- Comfortable handling datasets - data cleaning, analysis & visualisation
- Proficiency in R/Python preferred
- At least 1-2 years experience in data analysis
- Fluency in English and Hindi
- Ability to work in a team
- Candidates with some understanding and experience of rural social schemes (PDS, NREGA etc) will be given preference
- Candidates with some writing experience will be preferred.

The selected candidate should be willing to be based in Ranchi. Alternatively, the candidate will need to travel regularly and spend considerable time there. She/he will need to make field visits when required.

Candidates with a Graduation degree and more significant work experience will also be considered.

Remuneration

The remuneration will depend on qualifications, experience and LibTech's assessment. It is expected to be between Rs. 45000 and Rs. 55000.

Interested applicants should send their CV and a sample of their writing to anuradha@libtech.in at the earliest. Writing samples with some data work will be given preference.

Please write in the subject line: Application for Data Analyst. Applications will be accepted on a rolling basis until the position is filled. Please write to us over email for any queries about the position or contact us at 97177 06689.
